International Journal of Eating Disorders

Subject Index to Volume 17

ADOLESCENCE

Adolescents' weight, sex, and family functioning, Mendelson et al., 73

Complications of bereavement as seen in infant anorexia and adolescent anorexia nervosa, Sanchez-Cardenas et al., 39

Developmental role of perceived parental control in the eating psychopathology of Asian and Caucasian schoolgirls, McCourt and Waller, 277

Effects of body image on dieting, exercise, and anabolic steroid use in adolescent males, Drewnowski et al., 381

Family versus individual therapy for anorexia: Impact on family conflict, Robin et al., 313

Female adolescents of alcohol misusers: Disordered eating features, Chandy et al., 283

Risk factors for eating disorders in Greek- and Anglo-Australian adolescent girls, Mildred et al., 91

AGGRESSION

Aggressive family communication, weight gain, and improved eating attitudes during systemic family therapy for anorexia nervosa, Shugar and Krueger, 23

ALCOHOLISM

Bulimia in a male alcoholic: A symptom substitution in alcoholism, Çepik et al., 201

ALEXITHYMIA

Alexithymia, obesity, and binge eating disorder, de Zwaan et al., 135

ALLISON AND HESHKA'S CRITICAL ANALYSIS

In defense of psychosomatic theory: A critical analysis of Allison and Heshka's critical analysis, Van Strien et al., 299

AMENORRHEIC RUNNERS

Eating disorder characteristics and psychiatric symptomatology of eumenorrheic and amenorrheic runners, Klock and DeSouza, 161

ANGLO-AUSTRALIAN ADOLESCENTS

Risk factors for eating disorders in Greek- and Anglo-Australian adolescent girls, Mildred et al., 91

ANOREXIA

Rumination in adults: Two case histories, Tamburrino et al., 101

ANOREXIA NERVOSA

A controlled trial of cisapride in anorexia nervosa, Szmukler et al., 347

Aggressive family communication, weight gain, and improved eating attitudes during systemic family therapy for anorexia nervosa, Shugar and Krueger, 23

International Journal of Eating Disorders, Vol. 17, No. 4, 425–432 (1995)

© 1995 by John Wiley & Sons, Inc.

CCC 0276–3478/95/425–08

Anorexia nervosa: Directions for future research, Study Group on Anorexia Nervosa, 235

Comparison of eating disorder patients with and without compulsive exercising, Brewerton et al., 413

Complications of bereavement as seen in infant anorexia and adolescent anorexia nervosa, Sanchez-Cardenas et al., 39

Differences in weight gain between restrictor and bulimic anorectics, Neuberger et al., 331

Early trauma, dissociation, and late onset in the eating disorders, Tobin et al., 305

Eating disorder characteristics and psychiatric symptomatology of eumenorrheic and amenorrheic runners, Klock and DeSouza, 161

Family versus individual therapy for anorexia: Impact on family conflict, Robin et al., 313

Indirect calorimetry in the nutritional management of eating disorders, Schebendach et al., 59

Patterns of punitiveness in women with eating disorders, Tiller et al., 365

Perfectionism in anorexia nervosa, Bastiani et al., 147

Premorbid onset of psychopathology in long-term recovered anorexia nervosa, Deep et al., 291

Refeeding, metabolic rate, and weight gain in anorexia nervosa: A review, Salisbury et al., 337

Self-mutilation, anorexia, and dysmenorrhea in obsessive compulsive disorder, Yaryura-Tobias et al., 33

Temperament in eating disorders, Bulik et al., 251

ANXIETY

Laxative withdrawal and anxiety in bulimia nervosa, Weltzin et al., 141

ASIAN ADOLESCENTS

Developmental role of perceived parental control in the eating psychopathology of Asian and Caucasian schoolgirls, McCourt and Waller, 277

ATHLETES

Structural equation modeling of risk factors for the development of eating disorder symptoms in female athletes, Williamson et al., 387

BARIATRIC SURGERY

Binge eating in massively obese patients undergoing bariatric surgery, Adami et al., 45

BECK DEPRESSION INVENTORY (BDI)

Clinical characteristics of eating disorder patients who report sexual or physical abuse, Fullerton et al., 243

BEHAVIORAL FAMILY SYSTEMS THERAPY (BFST)

Family versus individual therapy for anorexia: Impact on family conflict, Robin et al., 313

BEREAVEMENT

Complications of bereavement as seen in infant anorexia and adolescent anorexia nervosa, Sanchez-Cardenas et al., 39

BINGE EATING

Alexithymia, obesity, and binge eating disorder, de Zwaan et al., 135

Binge eating in massively obese patients undergoing bariatric surgery, Adami et al., 45

Diagnosis of binge eating disorder: Discrepancies between a questionnaire and clinical interview, Greeno et al., 153

Ipsapirone in the treatment of bulimia nervosa: An open pilot study, Geretsegger et al., 359

Onset of binge eating, dieting, obesity, and mood disorders among subjects seeking treatment for binge eating disorder, Mussell et al., 395

BODY IMAGE

Development and validation of the sociocultural attitudes towards appearance questionnaire, Heinberg et al., 81

Effects of body image on dieting, exercise, and anabolic steroid use in adolescent males, Drewnowski et al., 381

Touch deprivation has an adverse effect on body image: Some preliminary observations, Gupta and Schork, 185

BODY SHAPE PERCEPTION

Body shape perception and dieting in preadolescent British Asian girls: Links with eating disorders, Hill and Bhatti, 175

BODY SHAPES

Pictorial adaptation of stroop measures of body-related concerns in eating disorders (brief report), Walker et al., 309

BULIMIA NERVOSA

Bulimia in a male alcoholic: A symptom substitution in alcoholism, Çepik et al., 201

Bulimia nervosa in two cultures: A comparison of Austrian and American college students, Mangweth et al., 403

Comparison of eating disorder patients with and without compulsive exercising, Brewerton et al., 413

Differences in weight gain between restrictor and bulimic anorectics, Neuberger et al., 331

Dissociation in bulimic and non-eating-disordered women, Everill et al., 127

Early trauma, dissociation, and late onset in the eating disorders, Tobin et al., 305

Factors affecting dropout rate from cognitive-behavioral group treatment for bulimia nervosa, Blouin et al., 323

Family interactions in bulimia nervosa I: Study design comparisons to established population norms, and changes over the course of an intensive day hospital treatment program, Woodside et al., 105

Family interactions in bulimia nervosa II: Complex intrafamily comparisons and clinical significance, Woodside et al., 117

Incidence of laxative abuse in community and bulimic populations: A descriptive review, Neims et al., 211

Indirect calorimetry in the nutritional management of eating disorders, Schebendach et al., 59

Ipsapirone in the treatment of bulimia nervosa: An open pilot study, Geretsegger et al., 359

Laxative withdrawal and anxiety in bulimia nervosa, Weltzin et al., 141

Patterns of punitiveness in women with eating disorders, Tiller et al., 365

Rumination in adults: Two case histories, Tamburrino et al., 101

Temperament in eating disorders, Bulik et al., 251

CAUCASIAN ADOLESCENTS

Developmental role of perceived parental control in the eating psychopathology of Asian and Caucasian schoolgirls, McCourt and Waller, 277

CHEWING AND SPITTING

Chewing and spitting out food—A neglected symptom?, McCutcheon and Nolan, 197

CHILDHOOD ANXIETY DISORDERS

Premorbid onset of psychopathology in long-term recovered anorexia nervosa, Deep et al., 291

CISAPRIDE

A controlled trial of cisapride in anorexia nervosa, Szmukler et al., 347

COGNITIVE-BEHAVIORAL TREATMENT

Factors affecting dropout rate from cognitive-behavioral group treatment for bulimia nervosa, Blouin et al., 323

COLLEGE STUDENTS

Bulimia nervosa in two cultures: A comparison of Austrian and American college students, Mangweth et al., 403

Social interaction effects on restrained eating, Copeland et al., 97

COMPULSIVE EXERCISING

Comparison of eating disorder patients with and without compulsive exercising, Brewerton et al., 413

CULTURAL COMPARISON

Bulimia nervosa in two cultures: A comparison of Austrian and American college students, Mangweth et al., 403

DEATH PREOCCUPATIONS

The theme of death in the French and German literature on eating disorders, Jackson et al., 229

DEMOGRAPHIC AND DIETING QUESTIONNAIRE

Dieting behavior and eating attitudes in Israeli children, Sasson et al., 67

DISSOCIATION

Abnormal eating and dissociative experiences, Valdiserri and Kihlstrom, 373

Dissociation in bulimic and non-eating-disordered women, Everill et al., 127

Early trauma, dissociation, and late onset in the eating disorders, Tobin et al., 305

DISSOCIATIVE EXPERIENCES SCALE (M-DES)

Abnormal eating and dissociative experiences, Valdiserri and Kihlstrom, 373

DYSMENORRHEA

Self-mutilation, anorexia, and dysmenorrhea in obsessive compulsive disorder, Yaryura-Tobias et al., 33

DYSOREXIA

Self-mutilation, anorexia, and dysmenorrhea in obsessive compulsive disorder, Yaryura-Tobias et al., 33

EATING DISORDER INVENTORY

Binge eating in massively obese patients undergoing bariatric surgery, Adami et al., 45

EATING DISORDER INVENTORY (EDI)

Abnormal eating and dissociative experiences, Valdiserri and Kihlstrom, 373

EATING DISORDERS INVENTORY (EDI)

Clinical characteristics of eating disorder patients who report sexual or physical abuse, Fullerton et al., 243

EGO-ORIENTED INDIVIDUAL THERAPY (EOIT)

Family versus individual therapy for anorexia: Impact on family conflict, Robin et al., 313

EUMENORRHEIC RUNNERS

Eating disorder characteristics and psychiatric symptomatology of eumenorrheic and amenorrheic runners, Klock and DeSouza, 161

FAMILY AGGRESSION SCALE

Aggressive family communication, weight gain, and improved eating attitudes during systemic family therapy for anorexia nervosa, Shugar and Krueger, 23

FAMILY ASSESSMENT MEASURE (FAM)

Family interactions in bulimia nervosa II: Complex intrafamily comparisons and clinical significance, Woodside et al., 117

FAMILY CONFLICT

Family versus individual therapy for anorexia: Impact on family conflict, Robin et al., 313

FAMILY FUNCTIONING

Adolescents' weight, sex, and family functioning, Mendelson et al., 73

FAMILY INTERACTIONS

Family interactions in bulimia nervosa II: Complex intrafamily comparisons and clinical significance, Woodside et al., 117

FRENCH LITERATURE

The theme of death in the French and German literature on eating disorders, Jackson et al., 229

FUTURE RESEARCH

Anorexia nervosa: Directions for future research, Study Group on Anorexia Nervosa, 235

GASTRIC EMPTYING

A controlled trial of cisapride in anorexia nervosa, Szmukler et al., 347

GERMAN LITERATURE

The theme of death in the French and German literature on eating disorders, Jackson et al., 229

GREEK-AUSTRALIAN ADOLESCENTS

Risk factors for eating disorders in Greek- and Anglo-Australian adolescent girls, Mildred et al., 91

HOSPITAL TREATMENT

Family interactions in bulimia nervosa I: Study design comparisons to established population norms, and changes over the course of an intensive day hospital treatment program, Woodside et al., 105

HOSTILITY

Patterns of punitiveness in women with eating disorders, Tiller et al., 365

INDIRECT CALORIMETRY

Indirect calorimetry in the nutritional management of eating disorders, Schebendach et al., 59

INFANT ANOREXIA

Complications of bereavement as seen in infant anorexia and adolescent anorexia nervosa, Sanchez-Cardenas et al., 39

IPSAPIRONE

Ipsapirone in the treatment of bulimia nervosa: An open pilot study, Geretsegger et al., 359

ISRAELI CHILDREN

Dieting behavior and eating attitudes in Israeli children, Sasson et al., 67

LATE ONSET

Early trauma, dissociation, and late onset in the eating disorders, Tobin et al., 305

LAXATIVE ABUSE

Incidence of laxative abuse in community and bulimic populations: A descriptive review, Neims et al., 211

LAXATIVES

Laxative withdrawal and anxiety in bulimia nervosa, Weltzin et al., 141

LUNG TRANSPLANTATION

Development of an eating disorder in a 40 year-old male lung transplant candidate: A case study, Chesler and Hsu, 205

MALONEY'S CHILDREN'S EATING ATTITUDES TEST

Dieting behavior and eating attitudes in Israeli children, Sasson et al., 67

MARITAL COMMUNICATION

Marital communication in eating disorder patients: A controlled observational study, Van den Broucke et al., 1

MARITALLY DISTRESSED (MD) COUPLES

Marital communication in eating disorder patients: A controlled observational study, Van den Broucke et al., 1

METABOLIC RATE

Refeeding, metabolic rate, and weight gain in anorexia nervosa: A review, Salisbury et al., 337

MOOD DISORDERS

Onset of binge eating, dieting, obesity, and mood disorders among subjects seeking treatment for binge eating disorder, Mussell et al., 395

NONDISTRESSED (ND) COUPLES

Marital communication in eating disorder patients: A controlled observational study, Van den Broucke et al., 1

NUTRITIONAL THERAPY

Indirect calorimetry in the nutritional management of eating disorders, Schebendach et al., 59

OBESITY

Alexithymia, obesity, and binge eating disorder, de Zwaan et al., 135

Binge eating in massively obese patients undergoing bariatric surgery, Adami et al., 45

Diagnosis of binge eating disorder: Discrepancies between a questionnaire and clinical interview, Greeno et al., 153

In defense of psychosomatic theory: A critical analysis of Allison and Heshka's critical analysis, Van Strien et al., 299

Obstructive sleep apnea in a consecutive series of obese women, Sloan and Shapiro, 167

Onset of binge eating, dieting, obesity, and mood disorders among subjects seeking treatment for binge eating disorder, Mussell et al., 395

Physical activity, total energy expenditure, and food intake in grossly obese and normal weight women, Platte et al., 51

OBSESSIVE COMPULSIVE DISORDER

Self-mutilation, anorexia, and dysmenorrhea in obsessive compulsive disorder, Yaryura-Tobias et al., 33

OBSTRUCTIVE SLEEP APNEA (OSA)

Obstructive sleep apnea in a consecutive series of obese women, Sloan and Shapiro, 167

PARENTAL ALCOHOL MISUSE

Female adolescents of alcohol misusers: Disordered eating features, Chandy et al., 283

PARENTAL CONTROL

Developmental role of perceived parental control in the eating psychopathology of Asian and Caucasian schoolgirls, McCourt and Waller, 277

PERFECTIONISM

Perfectionism in anorexia nervosa, Bastiani et al., 147

PHYSICAL ABUSE

Clinical characteristics of eating disorder patients who report sexual or physical abuse, Fullerton et al., 243

PREADOLESCENCE

Body shape perception and dieting in preadolescent British Asian girls: Links with eating disorders, Hill and Bhatti, 175

PSYCHOPATHOLOGY

Developmental role of perceived parental control in the eating psychopathology of Asian and Caucasian schoolgirls, McCourt and Waller, 277

Premorbid onset of psychopathology in long-term recovered anorexia nervosa, Deep et al., 291

PSYCHOSOMATIC THEORY

In defense of psychosomatic theory: A critical analysis of Allison and Heshka's critical analysis, Van Strien et al., 299

RACIAL DIFFERENCES

Racial differences in women's desires to be thin, Powell and Kahn, 191

REFEEDING

Refeeding, metabolic rate, and weight gain in anorexia nervosa: A review, Salisbury et al., 337

RESTRAINED EATING

Social interaction effects on restrained eating, Copeland et al., 97

RUMINATION

Rumination in adults: Two case histories, Tamburrino et al., 101

SELF-MULTILATION

Self-mutilation, anorexia, and dysmenorrhea in obsessive compulsive disorder, Yaryura-Tobias et al., 33

SEXUAL ABUSE

Clinical characteristics of eating disorder patients who report sexual or physical abuse, Fullerton et al., 243

SOCIAL INTERACTION

Social interaction effects on restrained eating, Copeland et al., 97

SOCIOCULTURAL ATTITUDES TOWARDS APPEARANCE QUESTIONNAIRE

Development and validation of the sociocultural attitudes towards appearance questionnaire, Heinberg et al., 81

SOCIOCULTURAL FACTORS

Risk factors for eating disorders in Greek- and Anglo-Australian adolescent girls, Mildred et al., 91

STEROIDS

Effects of body image on dieting, exercise, and anabolic steroid use in adolescent males, Drewnowski et al., 381

STROOP MEASURES

Pictorial adaptation of stroop measures of body-related concerns in eating disorders (brief report), Walker et al., 309

STRUCTURAL EQUATION MODELING

Structural equation modeling of risk factors for the development of eating disorder symptoms in female athletes, Williamson et al., 387

STUDY GROUP ON ANOREXIA NERVOSA

Anorexia nervosa: Directions for future research, Study Group on Anorexia Nervosa, 235

SYSTEMIC FAMILY THERAPY

Aggressive family communication, weight gain, and improved eating attitudes during systemic family therapy for anorexia nervosa, Shugar and Krueger, 23

TEMPERAMENT

Temperament in eating disorders, Bulik et al., 251

THREE-FACTOR EATING QUESTIONNAIRE

Binge eating in massively obese patients undergoing bariatric surgery, Adami et al., 45

TOTAL ENERGY EXPENDITURE

Physical activity, total energy expenditure, and food intake in grossly obese and normal weight women, Platte et al., 51

TOUCH DEPRIVATION

Touch deprivation has an adverse effect on body image: Some preliminary observations, Gupta and Schork, 185

TRIDIMENSIONAL PERSONALITY QUESTIONNAIRE (TPQ)

Temperament in eating disorders, Bulik et al., 251

WEIGHT FLUCTUATION

Psychological correlates of weight fluctuation, Foreyt et al., 263

WEIGHT MAINTENANCE

Psychological correlates of weight fluctuation, Foreyt et al., 263
